The Chicago Fair.

Are you going to the World's Fair? Everybody is going if able. And now everybody is able, because an incorporation has been formed in Chicago, composed of the leading citizens and most responsible men there, and they offer the most enticing inducements at the cheapest possible rates.

They sell a ticket for \$131, that absolutely covers everything, on the installment plan. This certificate entitles the holder to first class transportation to and from Chicago from Carson during the Fair, transportation to and from depot and hotels for self and baggage, six admissions to the Fair with your lunch on the grounds, fourth, first class board and lodging for six days in their own commodious hotels and lastly their competent guides will see that all holders are shown around and miss nothing. Think of the crowded condition of Chicago during the fair and then of the ease and comfort of this method.

Only \$131 for everything and that as follows: \$6 down at time of signing contract, balance in equal monthly installments from time of signing till April 1st, 1893.

It is a good bank company as holders may have their money back at any time, less the first six for expenses, etc. Certificates are transferable and non-forfeitable.

If you are interested get and read one of the small hand circulars. Agent in Carson

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic and is the best remedy for diarrhoea. Twenty five cents a bottle.

Don't think glasses are only for old people; it is a great mistake. A glass becomes to the over-burdened muscle of the eye as much of a necessity as food to the empty stomach or cane to him who has not the full power of his legs. If you have trouble with your eyes see Dallas Dodd and have a pair of glasses accurately adjusted. Difficult cases solicited from those who have failed to secure satisfaction elsewhere. Office at Ormsby House parlors. All work guaranteed to give satisfaction or money refunded. o16

Dr. Fox treats all diseases of the rectum, including hemorrhoids, fistula, fissures and ulcers, on modern scientific principles and radically cures without pain, without loss of blood and detention from business.

The storm has passed around us and there is still fair weather in Nevada.

Evan Williams has gone to Mason Valley on creamery business for a few days.

Gen. Irish of the Reno Weather Bureau was round looking at the "indications" yesterday.

The Indians say the pine nut crop this year is very good, but the "ole clo" crop is scant.

Brenner, the indicted Sacramento boodler, was arranged before Judge Wallace yesterday.

The most horrible prize fight on record recently took place in the staid old State on Connecticut.

An effort is being made to start a savings and loan society in this city with a local board of directors.

Japan has been terribly shaken up by an earthquake, causing great destruction of life and property.

A final distribution of property to the heirs of the estate of Geo. Tuffy has been ordered by Judge Hising.

Sophie Williams and Emma Anderson were allowed to go out of court yesterday on making a promise to move away from the respectable portion of the city into the regular disreputable district.

There will be a wrestling match next Sunday afternoon in Genoa for \$150 a side, between Marchita and a man who works on the thrasher machine. Marchita was downed last week in Sheridan.

This is the way Wells Drury of the Sacramento News relieves his mind on political affairs in England.

The report that Queen Victoria was dead caused a sensation throughout the civilized world. There are many who would regard such an event as an evil not unmixed with good. While the Queen's subjects love her, thousands of them would be willing to see the Prince of Wales take the throne before he reaches senility.

In other words, they look upon Her Majesty as a chestnut, and would like to see what kind of leather her son is made of before he is broken down with bacarat and other midnight revels.

A Poor Lot.

The papers are now over-run with baking powder advertisements.

The baking powder men ought to be shelved by the press. They want the best place in the paper for almost nothing, and among other exhibitions of gall want publishers to sign contracts agreeing not to publish the advertisements of any other baking powder company for a certain length of time.

A publisher who would sign one of these contracts is a business ass.

In all cases it is better to reserve the space for local advertisers who pay decent rates.

If half what the baking powder companies say of each other is true they are simply engaged in a business of wholesale poisoning of the human race.

Of Interest to Ladies.

A telegram from Victoria, B.C., states that sealing men were depressed over the sale of skins in London last Monday. The ruling price is said to have been 57 shillings. This would of course mean a considerable reduction on last year's rate, and, if correct, the seal men would have reason for sadness. But Louis Sloss of the Alaska Commercial Company says that the telegram is incorrect. According to advices received by the firm from London last night, Copper Island skins of last year and in poor condition brought 58 shillings and 6 pence; Alaska or St. Paul Island skins, 134 shillings, or 12½ per cent. less than last sale; Northwest coast or poachers' skins, 72 shilling or 15 per cent. higher than last Spring. These figures make a radical difference and the price is likely to be higher.

Highbinders in Carson.

A few evenings ago "Pale Faced Harry," who runs the Oriental Sporting Parlor in Chinatown, was shot at by some unknown party near the railroad track on the way to Chinatown. It was about nine o'clock. The bullet whistled by his head and landed in a little shanty a few yards away. He found the bullet in the morning. It was a pretty good sized one and he thinks that the Chinese gamblers have employed some high-binder to lay him out.

How to Fortell a Storm.

By placing two iron bars at seven or eight yards distance from each other, and putting them in communication on one side by an insulated copper wire and on the other side with a telephone, it is said that a storm can be predicted twelve hours ahead, through a certain dead sound heard in the receiver.

The Postoffice at Pacific Junction just outside the city limits of Chicago, is said to be the model office of the United States. It is open day and night wholly disregarding midnight closing laws and ordinances.

There is no Secret

About your buying shoes to advantage. You may not know any more about the quality of leather than you do about a lost comet but that is no reason why you should get "stuck." Either you get your money's worth or you don't and if you don't it is your own fault. We are in the shoe business because we happen to know something about shoes and leather. It is "bread and butter" to us, therefore we make it a STUDY. Of the knowledge you get as much benefit as though you possessed it yourself for we place it entirely in your disposal and if you think that other houses can quote lower prices than we do, come and look at the goods and prices. We will put our time against yours and we feel confident that the result will be a mutual benefit.
